Sponsor an animal

We will recommend an animal we feel is at risk of being a long-stay resident. Your company will sponsor that animal through their rescue, quarantine, residency and eventual adoption.

Pick their name!

Why not have a competition within the team to name your chosen animal? You could have a fundraising challenge; the person to raise the most funds can name the animal. Alternatively we can suggest names for you.

Go shopping!

Your company's donation will be used to purchase the equipment and food needed to home that animal for three months, and include veterinary costs; neutering, vaccinations, medication.

Suggested fundraising targets

These are only suggested targets; you may wish to raise more money, and help other animals!

Rabbit	£200
Cat	£300
Dog	£450

Meeting and greeting

Come to the sanctuary to meet your chosen animal. We will update you with photos and videos, and your company name and logo will be displayed on the animal's pen. You may join us on vet check-ups and home-checks on potential adopters, and when your animal finds their new family, we'll invite you to meet them and see your animal leave for their forever home!
